The ingenious redesign of the

AUER-CAMPER-LIFT CL-20

guarantees a high degree of stability and flexibility
with the lowest volume and weight at the same time!
The **CAMPER-LIFT CL-20** does not need either
fixings on the vehicle still on the ground!

Thanks to its extremely simple application,
the **CAMPER-LIFT CL-20** is an enormous relief
of boarding and disembarking for all passengers
who are affected by health restrictions,
but exactly the same for all those who simply want it
to have more convenient!
